VOLUME CVIII.--NO. 244. ALEXANDRIA, VA., MONDAY EVENING, OCTOBER 14, 1907. PRICE 2 CENTS.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherrybark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

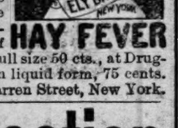
Gives Relief at Once.



HAY FEVER

It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Full size 50 cts., at Druggists or by mail. In liquid form, 75 cents. Ely Brothers, 56 Warren Street, New York.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain specific Nerve sickness—nothing else.

It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.

For stomach distress, bloating, biliousness, bad breath and sallow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend

MYSTERIOUS SHOOTING.

Second Lieutenant James Nuttle Sutton, United States Marine Corps, stationed at the school of application attached to the Naval Academy, and whose home was Portland, Ore., committed suicide by shooting himself at 1:30 yesterday morning. The top of his head was almost blown off. He died at the Naval Hospital within 20 minutes after the shooting. Sutton was returning from a hop at the Naval Academy with several young officers, classmates of his at the school of application, when the shooting occurred. In an effort to disarm Sutton, Lieut. R. E. Adams was shot in the finger, and Lieut. Edward P. Roelker received a slight wound in the breast during the scuffle.

There are reports around Annapolis that Sutton made an attack upon one or more of his brother officers, but this could not be absolutely confirmed, as the board of inquest, which sat in the case, will make its report to the Navy Department, and its members are sworn to secrecy.

Some of the circumstances of the tragedy are mysterious. It is rumored that there was some feeling between Sutton and Adams, because of a girl to whom both had been paying attention, and that the shooting was the result of a duel between the officers, but there were no witnesses, except those concerned, and there has been no official confirmation of this.

UNIONS AND RESPONSIBILITY.

"We are now holding our great corporations to a strict fulfillment of their legal obligations," James A. Emery, secretary of the Citizens' Industrial Alliance, of New York, said at the session of the national congregational council yesterday at Cleveland, Ohio. The council gave the day to the discussion of labor problems. Continuing, Mr. Emery said: "In case of violations we put the offenders in the prisoner's dock and inflict penalties. Is it not fair to ask that organizations of labor be held to a like responsibility." They gather like an army and scatter like a mob. They can no more be held accountable for their doings than can a clap of thunder for damage done by the lightning."

Strikes, lock-outs, and boycotts are war measures," Rev. Dr. W. F. Merrick, of Boston, president of the council's industrial committee, said, in his opening address, "and are as offensive as submarine mines and shells. We do not say men should never fight, but we do say that they should first know what they are to fight about. They should use brain and heart in preference to blind snarling passion and temper. We want to do away with the class spirit among mankind."

KILLED BY A MOTH.

Almost instant death from swallowing a candle moth was the fate that befell ten-year-old Jessie Gore, son of George Moore, of Whiteville, Ky. The moth passed into the boy's windpipe, and although a physician was in the house at the time, he could do nothing to save the child's life. The boy and his father were sitting in front of a fire. The former had fallen asleep in his chair with his mouth slightly open. A large moth flutting around a lamp on a table nearby suddenly flew into the boy's open mouth. The father saw it and supposed that the boy would be awakened, but was alarmed when, instead, he became black in the face and was apparently thrown into convulsions. In an adjoining room with a smaller child of the Moore family was Dr. McDonald, of Whitefield, and he was quickly called into the room to see the boy, but the lad died in a few seconds. The moth had gone into the boy's mouth and lodged squarely on top of the boy's windpipe, completely shutting off his breath.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all drug stores. 50c and $1.00. Trial bottle free.

WHY THEY WED GENTILES.

A writer in the Jewish World of London, who signs herself "A Jewish Girl," is of the opinion that blame for much of the marrying that goes on between Jewish girls and men of other faiths and against which the chief rabbi recently inveighed, is to be laid at the door of the Jewish young man. It is alleged by the "Jewish Girl" that the average middle-class Jewish youth is outrageously spoiled by his family, and, therefore, sets an excessively high value upon himself, which does not conduce to the establishment of friendly relations between himself and girls of his own class. Moreover, it is said, the Jewish young men are not content to start their married lives in simple fashion, and, therefore, usually require to marry where money money is—it not actually for money.

ATTEMPT TO KILL POLICEMAN.

Policeman Atkinson, of Richmond, narrowly escaped death Saturday night, when he was missed by three shots aimed directly at him by George Williams, colored. Williams, after fatally wounding Maria Jones with a knife, turned upon William Mayo, her escort, and stabbed him in the right arm. Mayo shrieked for help, and Policeman Atkinson, responding to the cry, spied the assailant in an alley and attempted to arrest him. The negro defied arrest and fired directly at the officer. Policeman Atkinson returned the fire, and the negro fell, with a bullet hole through his thigh. He was taken to jail. Maria Jones was stabbed in the back, the knife piercing her body through the back within an inch of the heart. No cause for the cutting could be obtained. Williams says he is ready for the gallows if his victim dies.

SPOOK FORBIDS MARRIAGE.

Declaring her dead husband had come to her in spirit and warned her against marrying again, Mrs. Mary Lincoln, of Wilmerding, W. Va., widow of Charles Lincoln, refused to proceed with her intended marriage to Joseph Parker, and the guests were dismissed.

Mrs. Lincoln's husband died a little over a year ago, and after a brief period she agreed to marry Parker. Invitations were sent out for the ceremony, to take place Saturday night.

Mrs. Lincoln's mother said her daughter came, sobbing, to her room during the night and declared she had just been visited by the spirit of her dead husband. The spirit warned her against marrying again, and when she protested she said he took hold of her arms and held her until she had promised she would give up the marriage.

[Editorial in Hartford, Conn., Daily Courant.]

Collector P. Davis Oakley has voluntarily withdrawn the personal bond of $25,000, given for the proper performance of his duties, and has substituted the bond of a fidelity company for the same amount. This commendable action deserves a passing comment. Mr. Oakley found no difficulty whatever in getting bondsmen, but, whoever his bondsmen might be, there could be no denying that they had put the collector under a direct personal obligation to them. It is far more independent and self respecting, to go down into your own pocket for the premium and pay a corporation, chartered for the purpose, for giving its bond for you. This cost him some money, but with that he buys complete personal independence and sets an example that should be widely followed. It is the way to do business; and it is no reflection upon willing friends to go instead to a company. On the contrary, it is doing them a favor.

This bond was written by the

SIC SEMPER TYRANNIS

MONDAY EVENING, OCT. 14, 1907.

SINCE the first women have had to bear the blame of the acts of men. The Interior, the Chicago organ of the Presbyterian Church, in its issue Friday explains the cocktail incident at the residence of Vice President Fairbanks, and places the blame for the affair on the shoulders of a woman. The Interior says:

A lady living near the Fairbanks home, and an intimate friend of the family was about the house on that day, assisting Mrs. Fairbanks in the arrangements for the great company to be entertained. In her judgment it was impossible to entertain the President of the United States fittingly without some beverage furnished to give the spread the tone to which she believed he was accustomed, and on her own responsibility she undertook to supply the supposed omission. She has since ordered the cocktails from her husband's club.

It is added that the Vice President knew nothing of the cocktails until he came to the table. The fuss created by the serving of cocktails at the entertainment given the President is more than ridiculous, but if any blame was attached to the incident, why it should be placed upon a woman is more than passing strange.

AS A further aid to the suppression of crimes growing out of habitual drinking, certain Chicago saloonkeepers have decided to supplement the rogues' gallery of the police by a "boosers gallery" of their own to contain the front and side views of any man whose wife and family asks that he be not served with drinks of any kind. This is the plan adopted yesternay by the Hyde Park Liquor Dealers' Protective Association, of which all owners of saloons and distilleries are members. It is the plan to place copies of these photographs on the walls of every saloon in the district and the lid will be on tight for any of the habitual boozers who happen to get into the gallery. This movement may spread to other cities, and many think it will aid materially in decreasing the drinking propensities of many who are prone to tarry too long with the wine.

THE papers of that city state that the present oyster season is the best that Baltimore has experienced for many years. Since its opening the number of bugeyes and pungies arriving there averages about thirty each day. All of these boats are loaded down with oysters. However, these papers say, though the oysters are good and plentiful, the kind that are commonly called "select" are, so far, rather scarce, and for that reason are selling for $1 a bushel, a rather high price. Other oysters are selling for 40 cents a bushel. All of the dealers say that owing to the plentiful supply the prices will decrease as the season advances. This will be good news for the lovers of oysters in these parts, for prices hereabouts are and for some time past have been abnormally high.

AFTER THE American ship owners had persistently refused the offer of 50 per cent. over the bids of their foreign competitors, the Secretary of the Navy on Saturday awarded contracts to the latter for carrying coal for the use of the Atlantic fleet during the trip to the Pacific. The contracts are merely for carrying, however, and all the coal to be delivered is American coal, all proposals for the delivery of Cardiff coal having been declined. This is a case where the American ship owners "bit off their nose to spite their face," but just why the American coal barons should have been paid their price over the lower bidders is hard to explain.

ROBERT MATHER, vice president of the Rock Island system, declared in a speech at a Chicago banquet Saturday that public belief in alleged pernicious practices by railroad officials and uncertainty as to the extent of regulation are making railroad securities unsalable. This is true, and have not the acts of many railroad officials naturally induced this belief? Such being the case the owners of the railroads should remove the officers who indulge in pernicious practices.

When the Supreme Court of the United States convened today, after its summer recess, Chief Justice Fuller announced from the bench that owing to the absence of the President from the city, the court would forego its usual custom of calling at the White House to pay its respects.

The first business transacted after the admission of 33 attorneys to the bar was to receive a motion from the Department of Justice submitting the report of Commissioner Maher on the Chattanooga lynching case. An additional motion was set out certain stipulation of fact regarding the lynching of Ed. Johnson, the negro, while his case was being heard in the Supreme Court.

Superintendent Charles J. Badger, of the naval academy, today reported to the Navy Department that Second Lieutenant James Nuttle Sutton, of the Marine Corps, committed suicide there yesterday. Because he had two revolvers on his person, with the record of which he shot himself, the other having been taken away from him, and because the act was committed in the presence of several of his fellow officers, there were a number of startling rumors in circulation, one of them being to the effect that he was mortally wounded in a duel over a girl. The message of Capt. Badger seems to dispose of these sensational reports. He announces, however, that he has appointed a board of inquiry which will make a thorough investigation into the affair and report to the department.

The use of the mails have been denied the Press Publishing Company, of Boston, and L. N. Cushman, manager. The publication, a mail order journal, offered twenty five thousand diamond rings to increase circulation.

CO-RECEIVER APPOINTED.

On motion of former Judge C. E. Nicol, of Prince William, representing R. Henry Phillips and certain other minority stockholders in the Washington, Arlington and Falls Church Railway Company, Judge Edmund Waddill, jr., sitting as the United States Circuit Court for the Eastern District of Virginia, in Richmond Saturday afternoon named Mr. Park Agnew, of Alexandria, as co-receiver for the company, with Major Charles H. Hine, the original receiver.

The motion was vigorously opposed by Messrs. R. Walton Moore and John S. Barbour, of Fairfax, counsel for the majority stockholders, and was strongly advocated by Judge Nicol.

The latter did not nominate any one to the court for co-receiver, but simply asked that a disinterested party of good business qualifications be named. Judge Waddill acceded to the petition of Judge Nicol, and upon his own motion named Mr. Agnew. Judge Nicol represented four-tenths of the stockholders, who claimed that their interests should be looked after by a co-receiver.

An interesting feature of the hearing was the announcement in open court by Maj. Charles Hine, of Vienna, recently appointed receiver, that he will have to tender his resignation as such. He explained, however, that he will continue to serve for the remainder of this month, and Judge Waddill stated that he will name Maj. Hine's successor later.

In presenting his petition Mr. Phillips stated that he is the owner of four-tenths of the stock of the railway company. Maj. Hine was recently appointed receiver upon the application of William H. Clark, trustee for the creditors holding a demand note in the sum of $61,000, secured by a deed of trust executed July 24. The trust was executed about three weeks after the accident on the line of the railway in Alexandria county. The claim was made in open court Saturday that the assets of the company total $490,000.

Maj. Hine, it is said, had declared his intention not to serve as receiver if he was to be hampered in any way. It is also stated that Judge Nicol, representing a syndicate supposed to be closely related to the Old Dominion railway recently offered to assume all the indebtedness of the W., A. and F. C. Railway, pay all judgments growing out of the wreck and pay $60,000 in cash, but the offer was declined. A syndicate of Virginia people it is said also stands ready to make an offer for the franchise at any time.

Mr. Agnew's many friends in this city and vicinity will be glad to learn of his appointment. He is in every way qualified to fill the position and Judge Waddill made no mistake in his selection.

Mr. Agnew today entered into bond in the sum of $25,000 before U. S. Clerk R. P. W. Garnett and will at once assume the duties of co-receiver of the road. The bond was given by the Fidelity and Deposit Company, of Maryland, of which Mr. Edward J. Fleming is the Alexandria agent.

It is said that after Judge Waddill had named Mr. Agnew as co-receiver Maj Hine reconsidered his determination to resign.

DEATH OF CAMPBELL SLEMP.

Col. Campbell Slemp, congressman from the Ninth Virginia district, died suddenly of angina pectoris at his home, at Big Stone Gap, yesterday, aged 70 years. It is believed the critical illness of his wife, who is not expected to survive a recent stroke of paralysis, hastened the congressman's death. Col. Slemp was the only republican congressman from this State, and was the only man to be elected for three successive terms from his district. He succeeded Judge W. H. Rhea, democrat, of Bristol, in the House. In his second race he defeated Joseph Wysor, democrat, of Pulaski, while he received a big majority over Robert Bruce, democrat, of Wise, at the election last November. At the beginning of the civil war he left college to enlist in the Confederate ranks. He was made captain of a company of infantry from Lee county and later was promoted to lieutenant colonel of the Twenty-first Battalion. Another promotion elevated him to the place of colonel, with the command of the Sixty-fourth Virginia Regiment of Infantry.

He was a member of the House of Delegates in the Virginia legislature from 1879 to 1883, and was candidate for lieutenant governor on the ticket with Gen. William Mahone, republican gubernatorial nominee in 1889. He was an elector in the Harrison convention of 1888 and the McKinley convention of 1896. His son, C. Bascom Slemp, of Big Stone Gap, is the republican state chairman, Virginia, being the youngest state chairman in the United States.

Up to 1880 Col. Slemp was a democrat. In 1879 he was elected a member of the Virginia legislature, and was re-elected, even after his change of political faith, in 1881, but when he again ran for the same office, in 1883, he was defeated.

It was announced three months ago that Congressman Slemp would not be a candidate for another term. Those most prominently mentioned to succeed him as the republican candidate are L. P. Summers, collector of internal revenue; Davis F. Bailey, of Bristol, and State Senator J. C. Ncell, of Lee county.

The Virginia and Southwestern Railroad, which was last June sold to the Southern for $10,000,000, has suspended its operation on account of the new rate law. Six members of the family of Solomon Frank, a glove cutter—the father and five daughters—were suffocated by smoke when their home in Gloversville, N. Y., was distroyed by fire early yesterday morning. The oldest daughter was to have become a bride early in December.

Rev. Dr. Williard Scott, of Piedmont Church, Worcester, Mass., has resigned his pastorate, after a most successful term of nine years, to devote all his time to golf. He had found that in the pursuit of this pleasure his church work was suffering. Dr. Scott says he will never engage actively in ministerial work again, but that from now it will be golf. Dr. Scott's congregation was astounded at his resignation, but he refused to reconsider.

Mrs. Cordelia Howgate, widow of Capt. Henry W. Howgate, formerly of the Signal Corps, died at her residence in Washington Saturday. Death came suddenly, and is attributed to heart disease. The death of Mrs. Howgate recalls the career of her husband, Capt. Henry W. Howgate, who was charged with embezzling about $300,000, while acting as disbursing officer of the Weather Bureau, in 1881. For many years he baffled the efforts of the best detectives to trace him, but was finally apprehended in New York.

THE TELEGRAPHER'S STRIKE.

Following the visit to New York of Labor Commissioner Neill, President Small, of the Telegrapher's Union, Saturday afternoon took decisive steps to close the telegraphers' strike. He sent the following telegram to all the leading cities of the country:

"Prominent New Yorkers appealed to me to call the strike off. All efforts at negotiation are exhausted, and the companies' officials say they will fight to a finish. The treasury is depleted, and no more funds are available. Requests for relief from all sides are heavy and urgent. The general assembly cannot meet them. The strike, having been ordered without the president's sanction, I recommend that locals vote on the proposition." The proposition of President Small that the strike be ended because of lack of funds is met by some of the men with charges of treason.

The general executive board of the commercial telegraphers at Chicago last night sent out the following notice to all locals:

"You are hereby notified that the general executive board, in due exercise of the authority vested in it, has suspended S. J. Small, president of the Commercial Telegraphers' Union of America. The strike will be conducted by the general executive board. You are directed to keep your striking brothers and sisters in line. It is the intention of the board that in the future this strike will be conducted by men who have red blood."

The New York local of the Commercial Telegraphers' Union, at a meeting yesterday, voted unanimously to continue the strike against the Western Union and Postal Telegraph companies.

Reports state that similar action was taken in Philadelphia, Chicago, Baltimore, Denver, Atlanta, San Francisco, Albany, and other cities.

Chief Strategist Russell, Percy Thomas and others who opposed Small were received with uproarious cheers when they denounced him, and charged him with incompetence, with lack of frankness, with being recreant to the cause of the telegraphers, and with being grossly indifferent to the outcome of the strike. He was also charged with being responsible for starting the strike movement, which he now sought to repudiate by ordering a strike in Oakland after the issuance of the Neill-Clowry letter in defiance of the order of the general executive board of the union.

Three-fourths of the locals heard from throughout the United States last night had voted unanimously to "stick."

John Mitchell, president of the United Mine Workers of America, yesterday afternoon wired the Pittsburg telegraphers that the Brotherhood of Locomotive Firemen had voted to assess each and every member of the organization $1 which would insure $65,000 for the striking telegraphers. Mitchell closed his message with the word "stick," and the Pittsburg telegraphers on strike decided to adopt his idea.

At Lexington the Hopkins block of business houses was destroyed by a fire yesterday evening in which a number of valuable pictures of the Lee and Washington families were lost. The loss is estimated at $60,000. Five firms, including the plant of "The Rockbridge County News," were located in the building.

A very destructive fire occurred Saturday at "Strawberry Hill," King George county, the residence of Dr. M. W. Miner. Two immense barns recently built and filled with corn and feed were burned to the ground, together with the stable and a large new henhouse, just finished at a cost of $800. The origin of the fire is unknown. The total loss is about $8,000; no insurance.

Mrs. Julia S. Farish died Friday night at her home, the Farm, just south of Charlottesville, from the effects of a fall which she sustained at 5 o'clock Thursday afternoon while descending a stairway. In the fall she struck her head, and, after exclaiming, "I am afraid I have killed myself," lapsed into unconsciousness. Partial paralysis resulted, and she passed away three hours later. Mrs. Farish was a Miss Stockton, of New Jersey.

No. 3, a westbound fast passenger train on the Norfolk and Western, was wrecked yesterday afternoon at Montvale, thirty-five miles west of Lynchburg, in a unique way, and the express messenger, whose name could not be learned last night, was killed and six passengers injured. Just as the passenger was passing an east-bound freight on a double track, the latter was wrecked, and fifteen cars were thrown off the track and against the passenger, wrecking it and badly demolishing the equipment. It is thought the freight was derailed by a broken flange or a broken rail. No one seems to have been hurt on the freight train.

EXERCISES AT JAMESTOWN.

Gathered around the ruined tower, the lone sentinel of colonial times on Jamestown Island, several thousand pilgrims of the General Convention of the American Episcopal Church, together with several representatives of the English church, on Saturday worshiped God and paid tribute to the memory of Robert Hunt and the men of the past who laid the foundation 300 years ago of this American church, which today numbers over one million.

Four river steamers carried the crowds to Jamestown Island, the delightful sail of 70 miles down the river being a feature. The members of the convention were the guests of the Diocese of Southern Virginia. The woman's auxiliary of the general mission board also entertained a party. A megaphone was installed on each steamer, the points of interest and the historic old Virginia homesteads on the route being pointed out and their histories related. Luncheon was served on each boat. Several orchestras furnished music on the way down the river.

The services on the island were conducted in the churchyard adjoining the famous old ruined church tower. The services consisted in the celebration of the Holy Communion, followed by devotional exercises in commemoration of the three hundredth anniversary of the establishment of the Episcopal Church in America.

The services were very impressive. A large area of the old island was covered by the assembled crowds.

No pomp or display marked the occasion, but the simple service of Evening Prayer was said, with eloquent addresses by the Bishop of Massachusetts, the Bishop of Georgia, and the Rev. Dr. Randolph, Harrison McKim, of Washington, the president of the House of Deputies.

The presiding bishop, the Bishop of Honolulu, the Bishop of Virginia, the Bishop of Southern Virginia, and the Coadjutor Bishop of Southern Virginia took part in the services, while a splendid choir from Norfolk led in singing the solemn music of the church. Bishop Randolph introduced the speakers in his usual graceful and polished manner.

On account of the Jamestown pilgrimage there was no session of either house of the General Episcopal Convention on Saturday.

The Richmond Episcopal pulpits were filled by the visiting bishops and clergymen yesterday morning and last night. The House of Deputies has announced that it will hold night sessions during the remaining life of the convention, in order to facilitate the mass of business yet to receive the attention of that body.

The second great public missionary association meeting of the convention was held in St. Paul's Church last night. Bishop Anderson, of Chicago, presided. Addresses were made by Bishop Paulding, of Salt Lake, on "The work of the church in Mormon communities and mining camps;" Bishop Restarick, of Honolulu, on "Where the East and West meet at the cross-roads of the Pacific," and by Bishop Vickar, of Rhode Island, on "Mission, the measurer of Christian vitality." The building was crowded to its capacity.

Today's Telegraphic News.

The West Virginia Debt

Washington, Oct. 14.—Another step in the effort of the State of Virginia to compel the State of West Virginia to pay one-third of her indebtedness on January 1, 1861, was taken today when Attorney General May filed for West Virginia in the Supreme Court of the United States that State's answer to the bill. The amount of the debt was more than $33,000,000

The State of West Virginia acknowledges in the answer her obligation to pay a portion of the debt, but alleges that one third is too great a proportion. In 1861 it is pointed out, that portion of Virginia now comprising West Virginia was largely undeveloped and that a very small portion of the public indebtedness was due to improvements in that section. The attorney general says that the counties now in West Virginia contributed their portion of taxes which went into the sinking fund for the redemption of the debt, but that these taxes were not kept in tact after Virginia seceded from the union.

West Virginia avers in her answer that her equitable proportion of the indebtedness cannot be otherwise ascertained than by the action of the State of West Virginia through her legislature, as provided by her constitution, nor can its liquidation be otherwise provided for than by a sinking fund of sufficient amount to pay the accrued interest and redeem the principal of whatever sum may be thus ascertained within a period of thirty-four years as likewise provided in the constitution. It was therefore asked that the bill be dismissed, it being claimed that the constitutional provisions acted as a bar to the consideration of the case.

Telegraphers' Strike.

Chicago, Oct. 14.—After an all night vigil, resulting from the crisis in the telegraphers' strike, the National Executive Board returned to headquarters today apparently with full realization that a masterful diplomacy is neccessary to prevent a split in the ranks of the union. Removal of President Small by the committee leaves S. J. Konenkamp, of Pittsburg, chairman of the executive committee in full charge. He temporarily succeeds Small. The leaders realize the strike has been weakened by the loss of confidence in the union's leader.

Chicago, Oct. 14.—The executive committee of the striking telegraphers today called a special convention of their national organization to be held in Milwaukee, October 23, to "consider ways and means to make the strike more effective, to investigate the charges against President Small, and if necessary to elect his successor. Each local is to be represented by one delegate."

Charleston, S. C., Oct. 14.—The telegrapher's strike was formally declared at an end here today. Nearly all the old employes of the companies returned to their keys. Strike-breakers hold some places and both companies say these men will be retained.

Washington, D. C., October 14.—When President Samuel Gompers, of the American Federation of Labor, was asked for his opinion on the telegraphers' strike situation, he said: "The men are fully justified in refusing to yield to the companies without consideration. Their grievances are too great for them to return to work without some concessions by agreement." Referring to Small's declaration that strike funds were not forth coming, Gompers said Small evidently over-looked the fact that labor had contributed generously to the striking keymen in each city and had also given freely to the general fund. He said the strikers have received $25,000.

The two hundred striking telegraph operators in this city by tonight will have decided whether to throw up the sponge or continue their fight against the two telegraph companies. There will have to be a complete reversal of feeling should they vote for a return to their keys. The men are generally outspoken against President Small's proposition to give up the struggle at this time. Of the 250 men who went out when the strike was called, fifty have left for railroad employment.

Demonstration by Telegraphers.

New York, Oct. 14.—A police charge and two arrests broke up a demonstration by striking telegraphers in front of the Western Union building early today.

The unionists, wearing big badges with the word "Stick," assembled in front of the building in accordance with a resolution adopted at yesterday's meeting calling for a show of strength and determination to hold out against the telegraph companies.

Their appearance in front of the Western Union's building gathered an immense crowd and blocked Broadway for blocks. The commotion and shouting brought every one in the building to the windows and started a rumor that there was to be an attack on the strike-breakers.

Police charged the crowd and two men both wearing telegraphers' badges, were arrested charged with disorderly conduct.

In front of the Postal building the strikers contended themselves with parading past on the opposite side of the street.

President McCrea's Statement.

Pittsburg, Pa., Oct. 14.—Financial circles here are discussing a startling statement by President James McCrea, of the Pennsylvania Railroad, that there is no programme for contemplated extensions and improvements on Pennsylvania lines. President McCrea said: "For certain reason investors feel such a lack of confidence in the situation that they appear unwilling to supply capital for developing railroads and other industries."

There have been intimations that continuous anti-railroad agitation by President Roosevelt might cause a change in the plans for railroad extensions. No other railroad president representing such vast interests as does Mr. McCrea, however, has thus far come forth with such a bold assertion regarding the present situation. President McCrea declined to go into any extended interview.

New York Stock Market.

New York, Oct. 14.—Heavy selling caused declines to low figures at the opening, but before the end of the first hour an upward movement developed, nearly everything on the list showing gains over Saturday's closing. The market continued strong all through the forenoon, but in some stocks slight recessions were recorded.

Sensational Report.

Berlin, Oct. 14.—That war between the United States and Germany was possibly avoided by a narrow margin at the time of Prince Henry's visit to America in 1902, is declared by former Councillor of Emil Witte, of the German Embassy, at Washington, in his book "Secrets of a German Embassy," placed on sale today. The Kaiser's yacht Hohenzollern which conveyed Prince Henry left New York suddenly several days before schedule time. Witte asserts that its sudden departure was due to the discovery of a plot to blow up the Hohenzollern in New York harbor, the plan being to involve the nations in war.

Washington, Oct. 14. Nothing is known here, of his sensational statement about an alleged plot to blow up the Hohenzollern.

Train Saved by a Priest.

Aubenas, France, Oct. 14—About 200 passengers of an express train, south bound out of Aubenas, were saved today by the bravery of a parish priest who threw his body across the rails to force the engineer to stop short of a spot where thirty yards of track had been washed away by a flood. The engineer disregarded the priest's first signals, thinking him insane, but later applied the brakes when the man fell across the track in front of the locomotive. Many passengers were hurled from their seats and slightly hurt by the suddenness with which the train stopped, with the wheels but a few inches from the priest's body.

Investigating Standard Oil.

New York, Oct. 14.—A. H. Brainard, controller of the Standard Oil Company, who has been absent from his duties for six months on sick leave, was today called in the government suit to dissolve the Standard Oil Company of New Jersey, the parent body of the Standard, to testify about records of the company. He is in poor physical condition and could throw little light on disputed points. Brainard, testified he knew of nothing of $22,000 loans to outside interests made by the Standard of New York.

Elopers Found.

London, Oct. 14.—Mr. and Mrs. C. B. Ritchie have confirmed reports that they have found Samuel Clarkson and Miss Helen Maloney in London. The young couple did not call on the Ritchies, but were found by the latter. Clarkson, Miss Maloney and the Ritchies are now stopping at the same hotel. They refuse to see any one or to make any statement beyond the one given out by the Ritchies admitting that the elopers have been found. Mrs. Ritchie is Miss Maloney's sister.

Strikes in Italy.

Turin, Italy, Oct. 14.—Turin is the center of the Italian strike disturbances today. Fierce rioting has already occurred in several parts of the city. There are the gravest fears of still greater violence tonight. The outbreak came just as the strike situation seemed to be growing calmer. Announcement of the government's decision to imprison striking railway men concerned in the past few days' disorders precipitated the trouble.

Fire In Apartment House.

New York, Oct. 14.—A fire that did not cause more than fifty thousand dollars damage, drove from their apartments in the fashionable Yosemite apartment house on the southwest corner of Sixty-Second street and Park avenue, a score of well-known New York families in their night garments. No one was injured although most of the inhabitants were in a panic.

CHICAGO THE CHAMPIONS.

The Chicago National League baseball team Saturday afternoon at Bennett Park, Detroit, won the world's championship, defeating the Detroit American League team by a score of 2 to 0. It was the fourth successive victory for the Chicago team in as many days. Each Chicago player will receive $1,498.18 as his share from the world's series. Each Detroit player is richer by $1,150.49. The total receipts of the series of five games, one of which was tied, was $101,718.50.

It is reported in Pittsburg that the Standard Oil Company is planning to unite all the natural gas companies it controls into one concern, with $100,000,000 capital.

LETTER TO GEO H RUCKER

Alexandria, Virginia.

Dear Sir: This happened seven years ago. A man, having three little poultry houses, bought one gallon of each of two paints to paint them; paid $1.60 for one and $1.75 for the other, 15 cents difference.

The $1.60 gallon painted one house, the $1.75 gallon painted the other two houses. The cost of the paint was: first house $1.60; second house 87½c; third house 87½c.

But painting goes with paint, and it costs as much to paint one paint as another, about $3.50 a gallon.

The painting of one of those houses with $1.60 paint cost the same as that of the other two with $1.75 paint; $3.50. Difference $1.75 a house same way as the 75 cents.

Four years ago, he painted that first little house again, same paint—he wanted to know what the cost of keeping a house well-painted really is. The other two houses didn't need painting.

Last year he painted all three little houses, same paints as at first; and reckoned his cost to date of beginning the job.

The first little house had cost $5.10 twice, or $10.20, and was ready to paint again; the second two houses had cost $5 20, and were ready to paint again.

That is: saving 15 cents a gallon made one house cost twice as much as the other two houses, besides the fuss of an extra paint job in three years.

The $1.75 paint was Devoe.

This tale is made-up of a thousand experiences. Devoe is always the paint that takes less gallons, costs less money, wears longer, less fuss. And the cost of Devoe is about one-fourth of the cost of a paint that doubles the gallons.

FIFTY DOLLAR FINES IMPOSED.

Samuel Lewis, colored, who had been arrested by Special Officer Mason charged with carrying a pistol, was before Justice Caton in the Police Court this morning. He was fined $50, and in default of payment will be sent to the chain gang for 90 days.

Lieutenant Bettis and Officers Beach, Ferguson and Garvey yesterday made a descent upon a house occupied by Jerry Willis, colored, where it was believed liquor was being sold without a license. About 80 bottles of beer and a bottle of gin were captured. Willis was brought into the Police Court this morning when the evidence of witnesses was to the effect that they had procured liquor in the place. Willis denied the charge urged against him and said he purchased a quarter keg of beer weekly for his wife's private use. He was fined $50.

LORD FAIRFAX.

A dispatch from London says Lord Fairfax has taken out natural zation papers as a British citizen and now will be entitled to sit in the House of Lords. He has resided in England almost continuously since he went there to attend the king's coronation.

Alfred Kirby Fairfax, twelfth Baron Fairfax of Cameron in the peerage of Scotland, was born in Maryland in 1870, being the son of John Contee Fairfax, M. D., and Mary, Baroness Fairfax, daughter of Col. Edmund Kirby, of the United States army.

The report telegraphed from Richmond that a son of the late Dr. Orlando Fairfax, formerly of this city, would soon go to England to assume the title of Lord Fairfax is entirely incorrect.

FUNERALS.

The funeral of the late Miss Julia Hamerdinger took place this afternoon from the residence, on King street, near Henry. The services were conducted by Rev. Edgar Carpenter and the pallbearers were Messrs. R. H. Cox, D. H. Appich, F. J. Pollard, J. B. Carter, N. S. Greenaway and G. W. Ramsay.

The funeral of Miss Edmonia Taliaferro took place from her late home, 1026 King street this morning. The services were conducted by Rev. William J. Moron, rector of Christ Episcopal Church and the interment was made in the Presbyterian cemetery. The pallbearers were Messrs. O. F. Carter, R. P. W Garnett, E. W. Armeycost, J. B. Carter, T. L. Carter and E. L. Allen.

THREATENED WITH BLOOD POISONING.

Mrs. King, wife of Mr. James E. King, of this city, an employee in the Treasury Department in Washington, is said to be threatened with blood-poisoning. While engaged in counting sheets of notes a few days ago one of her fingers was slightly cut by the stiff edge of one of the sheets. She regarded the injury at first as slight, but later was compelled to procure surgical aid at one of the Washington hospitals, when it was found necessary to amputate the finger in order to arrest blood-poisoning. Mrs. King's condition is regarded as serious.

BURNED BY EXPLOSION

Mrs. Richardson, wife of Mr. F. W. Richardson, of Fairfax, was painfully burned a few days ago in the yard attached to her residence by the explosion of some giant powder. A can containing the explosive had been placed in the yard, and Mrs. Richardson poured it from the receptacle in order to utilize the can for flowers. Later she swept some trash in a pile in which the powder was mingled, and when she applied a match to it an explosion followed. Mrs. Richardson's condition had considerably improved today. She is a sister of Mrs. Benton Chinn, of this city.

DEATHS.

Mrs. Veronica McDermott, wife of Mr. T. F. McDermott, died Saturday night at her home, 114 south Alfred street, after a brief illness. Mrs. McDermott was a daughter of the late Francis J. Power.

Mrs. J. E. Glachet, widow of A. Glachet, died at the residence of her sister, Mrs Margaret Shinn, 219 south Royal street, at 5:35 o'clock yesterday evening. The deceased was a daughter of the late John A. Rudd.

An infant daughter of William and Sarah Rogers died Saturday afternoon at her parents' residence, 2408 Duke street, extended.

MR. BARRETT SPEAKS TONIGHT

This evening at 8 o'clock in the Second Presbyterian Church Mr. John Barrett will deliver, before the Presbyterian Brotherhood and its friends, his celebrated address on "The Panama Canal—The Greatest Work on Earth." Alexandria is fortunate in having a second opportunity to hear Mr. Barrett, and a large audience is looked for. The admission to the address will be absolutely free, and no collection will be taken.

CORPORATION COURT.

[Judge L. C. Barley presiding.]

The docket was called and the case set.

The case of the Commonwealth vs. John Dogan, for burglary, was fixed for trial tomorrow and a venire ordered.

Hattie Grinnell vs. Priscilla Gatewood et vir et als; final decree.

Mary E. Ryan vs. John T. Ryan et als; decree confirming report of Gardner L. Boothe, commissioner.

LADIES TO BE INVITED.

Such a large number of ladies have expressed a desire to hear Mr. John Barrett's address this evening, that the President of the Presbyterian Brotherhood has decided to reserve the gallery of the church for ladies, to give them the opportunity of hearing him.

NIGHT SCHOOL.

It is understood that Col. T. H. Ficklin will tonight, at Peabody building, organize a boys' night school for which the City Council at its last meeting granted permission. It is said that quite a number of boys will enter the school.

NEW COUNTY SCHOOL BUILDING

A meeting of the Arlington District School Board was held at the Bank Building in Hesslyn, Alexandria county, last Saturday night, Dr. Charles B. Munson, presiding. W. A. E. McShea, and Ralph Baldwin, the other trustees were present. The plans for the new school building to be erected on Fort Myer Heights heretofore presented were taken up for further consideration. Superintendent of Schools, James E. Clemente, suggested certain alterations and artistic embellishments in the proposed plans, which the architect, Mr. N. B. Grimm, said would improve the proposed building fifty per cent. After debate the plans with the alterations, proposed and approved by the Superintendent, were then unanimously adopted; and it was further ordered that bids be advertised for up to October 31st, for the construction of the new building, which it is understood will be commenced at an early date, and the corner stone laid next month with appropriate ceremony.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

James Brown, colored, charged with escaping from the chain gang, had ten days added to his term.

Samuel Lewis, colored, charged with carrying concealed weapons, was fined $50.

A white man, charged with improper conduct on the street, forfeited his collateral by failing to appear.

A white man, charged with assault, was dismissed.

Nick Mulley, charged with disorderly conduct, forfeited his collateral by failing to appear.

Jerry Willis, colored, charged with selling liquor without a license, was fined $50.

CONCERT.

Those who attend the "Old Folks" concert at the Opera House Tuesday evening will certainly have no cause to regret having gone. Never before has such an array of talent appeared here on the same programme as will be heard on that occasion. The soloists are those holding the best church positions in Washington, and are as follows:

Mrs. Smart, Miss Arty, and Miss Guson, soprano; Mrs. Spencer, and Miss Sullivan, contralto; Messrs. Mills, and M. Matthews, tenors; Messrs. Hicks, Holland, and Bodrick, bass. In addition to the soloists there will be a chorus of thirty voices.

WILL NOT SIGN THE REPORT.

The report of the finance committee on the bill of the Pinkerton Detective Agency for services rendered in investigating the murder of George N. Curtis, adopted by both branches of the City Council at their last meeting, will not be approved by Mayor Pau, but the bill will be paid without his signature to the report. The Mayor's action is the outcome of the reminder from the finance committee that similar bills should not be contracted in future without appropriations by Council.

DIED ON A TRAIN.

J. W. White who was suffering from hernia contracted while engaged in cutting corn boarded a northbound passenger train at Hamilton, on the W. & O. R. R. last Saturday for the purpose of entering a Washington hospital. Before the train reached that city Conductor Pitts found the man dead in the toilet room. The remains were taken to Washington.

REV. EDGAR CARPENTER'S ADDRESS.

There was a large gathering of men yesterday afternoon in the lecture room of the Methodist Episcopal Church South where Rev. Edgar Carpenter, rector of Grace Church, delivered an address on "A Specimen of Nobleness." The lecture was interesting and enjoyed, as was also the special musical programme which was rendered.

MOTION PICTURES.

The Metropolitan Moving Picture Company will give an entire change of programme at the Opera House tonight, including illustrated songs. This show is pleasing large crowds each night. The pictures range from comic scenes to please the children to travels through foreign countries. It is the policy of the management to provide for the patrons nothing but the best up-to-date pictures.

The Alexandria Amusement Company will open their place of amusement tomorrow night at 424 King street (Swan Bro.'s old store) when they will exhibit motion pictures. As an added attraction this week Mr. William Thornton, Washington's favorite baritone, will sing illustrated songs.

WILL PROBATED.

The will of the late Mary E. Brown was probated today in the Corporation Court. She leaves her estate to her three children equally. They are Mr. Glenn Brown, of Washington; Dr. William Brown, of New York, and Mrs. A. G. Uhler, of this city. Most of her property is in Washington. Mr. Glenn Brown qualified as executor.

CHARGED WITH ASSAULT.

A man named John Colwell was arrested today by Officer Roberts charged with assaulting Capt. A. J. Fair at the intersection of Prince and Union streets. A stove, it was said, had been removed from a vessel and Colwell had one in his possession which Capt. Fair identified and a colloquy between him and Colwell followed when the former attempted to take the stove from the latter. This precipitated the attack.

MURDER AND SUICIDE.

Gen. Webb Syck, a civil war veteran, it is believed, murdered his young bride of two weeks and then committed suicide at their home in Fairview, a suburb of Pikeville, Ky., yesterday. Syck was found dead in the yard, while his wife's body lay in a bed. Both were clothed only in night gowns. She was formrley Mrs. Jane Burris, connected with some of the most prominent families in northeastern Kentucky. The shooting is supposed to have followed a bitter quarrel of the previous day. General Sych and his bride had just returned from their honeymoon trip through the South. The murdered woman was General Syck's third wife. His first wife died many years ago and his second wife divorced him 10 years ago. It is believed that General Syck's mind became unbalanced during the quarrel with his bride, as he was desperately in love with her and insanely jealous.

HER AFFINITY NEGRO LABORER

Society and church circles of Charles City, Iowa, were dumfounded when the secret marriage of Mrs. Louisa Fairbanks, a wealthy and highly-prominent society and church leader, to Walter Rogers Hamilton, a negro, leaked out. Mrs. Fairbanks is a prominent member of the Baptist Church and had long been identified with the charitable work of society in town. She led a band of slum workers and gave her money liberally to the poor. It was while holding prayer meetings in the slum district that she met her negro affinity. Hamilton worked on a street gang and went to the mission to listen to the services. He is big and good-looking.

His Dear Old Mother.

"My dear old mother, who is now eighty, three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

Dr. Liebknecht Found Guilty.

Loipsic, Germany, Oct. 14.—Dr. Carl Liebknecht, the socialist leader, was yesterday found guilty of treason in writing his pamphlet "The Curse of Militarism," following his sensational trial which lasted the better part of this week. He was sentenced to 18 months imprisonment as a first class prisoner in some military fortress. Liebknecht advocated teaching socialism to young men before they are called on to serve in the army and to propagate socialism among older soldiers, so that they will some day refuse to obey their officers and answer a call by socialist.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Explosion of Locomotive.

Reynold, Oct. 14.—Three men were killed and the local railroad station was torn to pieces Saturday by the explosion of a locomotive boiler.

Mrs. Hettie Green, in speaking of the coming marriage of Miss Gladys Vanderbilt, says: "Girls who go to Europe to get husbands deserve what they get—and more. I know more about discounts than I do counts. The woman who will pay $5,000,000 for a son-in-law should have a guardian."
